WELCOME TO FEATHERSTONE

As an employer, working directly with a school will help your company future proof their recruitment pipeline by equipping young people with the key skills and qualities that employers demand. Moreover, enabling your employees to volunteer with a school is intensely rewarding and can lead to even greater levels of employee engagement and job satisfaction.

As an education or training provider, you could engage students' interest in technical courses that you might offer.

This brochure outlines the key careers events planned for the current academic year. If you are interested in contributing to any of these, or would like to discuss other ways of engaging with your future work force, please do get in touch.

BUSINESS AMBASSADORS

Year 7 - 7th July 25

Year 8 - 16th June 25

Year 9 - 3rd March 25

Year 10 - 5th February 25

Year 11 - 13th January 25

Year 12 - 18th November 24

Year 13 - 14th October 24

THE EVENT IS DURING PSHE LESSONS

PSHE is the part of the curriculum covering areas such as careers education, relationships and other aspects of being a good citizen. The lesson you are part of is related to the careers programme.

During the lesson you will have 10-15 minutes to speak to the class about your job. Areas you might want to cover include the qualifications you gained, your career path and the highlights of your role. This is only a guide and Business Ambassadors interpret this successfully in a variety of ways. If you want to accompany your presentation with a Powerpoint on a USB this is okay, but not expected. After your presentation there will be an opportunity for the students to ask questions before the form teacher leads the remainder of the lesson. This is a series of activities which students work through in groups. During this you will be able to help, giving students a chance to speak further with you. This can be arranged 'face to face' or online.

ARTS WEEK

Monday 10th to 14th March 2025

We have recently introduced Arts Week into our annual calendar, and we are building this into a celebration of a range of art forms across Art, Music, Dance and Drama. We will be running trips during this week, and looking for employers to run talks or workshops related to different facets of the arts, so if you work in these areas and are interested in working with our students, please get in touch.

SCIENCE WEEK

Monday 10th to 14th February 2025

The school runs a very successful annual Science Week allowing students of all ages to experience STEM beyond the confines of the school curriculum. If you work in STEM and would like to visit school to deliver a workshop or talk about your specialism please contact school.

We also welcome education providers of technical STEM courses the opportunity to explain these to students.

NATIONAL APPRENTICESHIP WEEK

Monday 10th to 14th February 2025

National Apprenticeship Week is an annual week-long celebration of apprenticeships across England and is a time to recognise and applaud apprenticeship success stories across the country. Please get in touch if you would like to promote apprenticeship opportunities to our students.

CURRICULUM DAYS

20th/21st Nov, 11th/12th March, 31st March, 26th/27th June

We run Curriculum days throughout the year, when we collapse our timetable and organise a vibrant programme of trips, external speakers, visiting speakers and workshops to support the formal and informal curriculum and help to increase each student's cultural capital. During the week students find out about a wide range of career opportunities and pathways through in school workshops. Please get in touch if you would like to facilitate a workshop or arrange a visit to your company.

MOCK INTERVIEWS

15th July 2025

Putting our Year 10s through their paces with mock interviews to build their confidence. Please get in touch if you could help facilitate interview practice.

"There has never been a more important time for education and business to work meaningfully together for the good of all. My experience tells me that when employers connect with students, they both gain hugely out of the exchanges that are created. Young people are the employees and employers of the future and any opportunity to ignite young minds is an investment for the good."

Carl Ward, Chief Executive, the City Learning Trust and President, the Association of School and College Leaders
